

Android: Installation

1. You will receive a SMS or email with a download link for the app
2. Tap the link, and tap 'Open link' to confirm your selection
3. You may receive a message like this, tap OK to continue

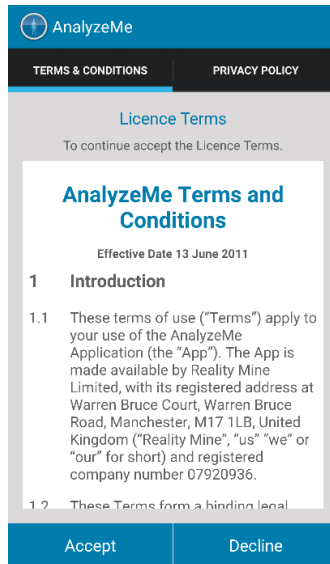

4. The link will take you to the app store
5. Tap 'Install' and then 'accept' the access request
6. When the app is installed, open it (from the app store or the home screen)

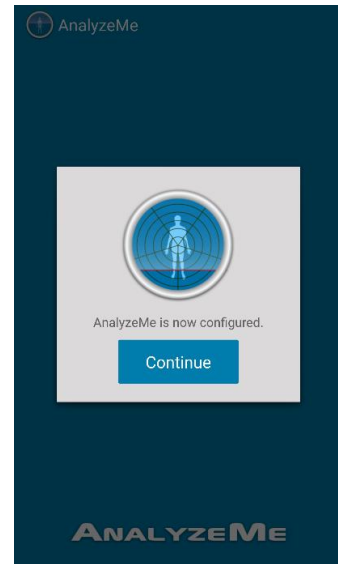

7. You may be prompted to enter your email address

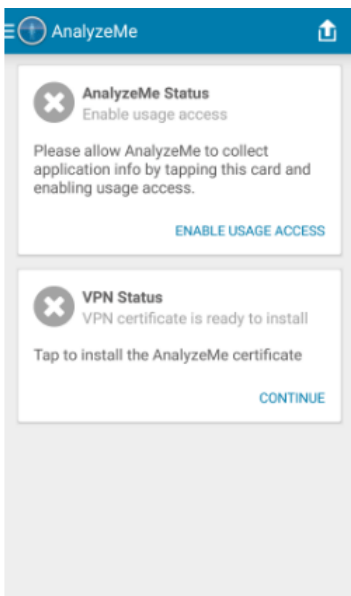

8. Read the Terms & Conditions and Privacy Policy and tap 'Accept' to continue

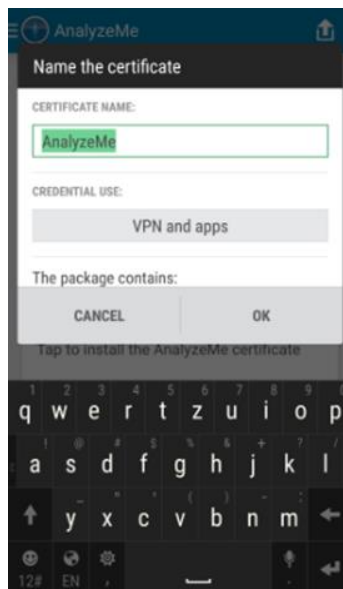

9. The app will now finish configuring, tap 'Continue'

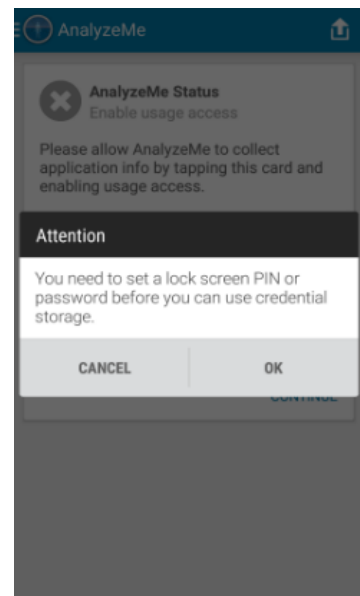

10. You will now need to install the VPN Certificate

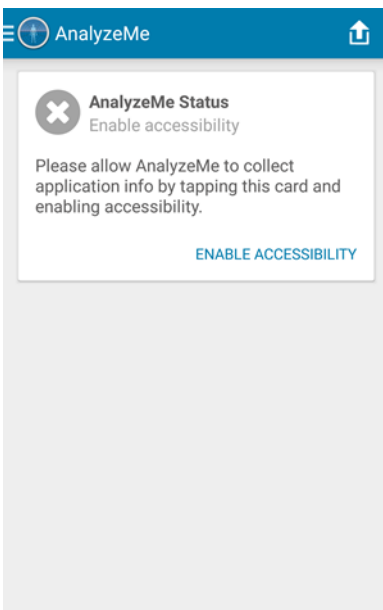

11. Confirm the below window by tapping 'OK'

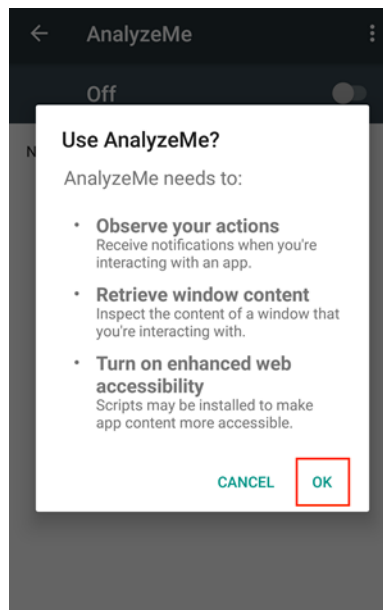

12. Set your PIN, if you haven't already by following the instructions

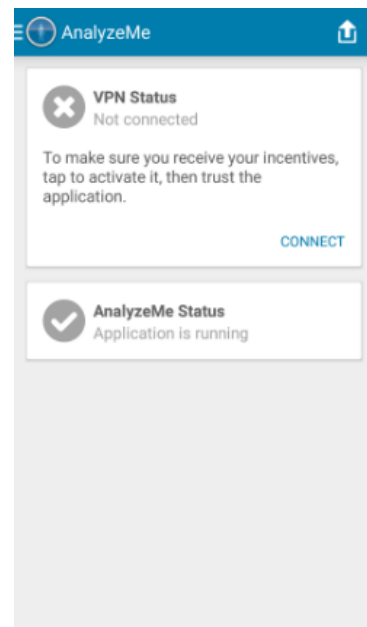

13. You will then need to 'Enable Accessibility in AnalyzeMe

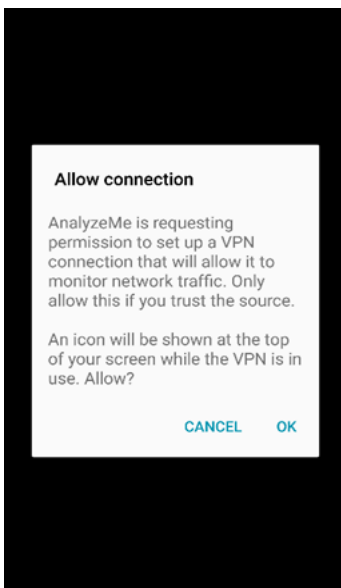

14. Click 'OK' and toggle the AnalyzeMe tab to enable access

15. Tap 'Connect' on the VPN status card to activate the VPN

16. Tap 'OK' to make the VPN connection

17. AnalyzeMe is now running. The key icon in the tool bar indicates the VPN is connected
